**110-400 Continuous Thread
Tote Closure**

Drug Plastics proudly presents the PP 110-400 Continuous Thread Closure. The one-piece closure has a hinged handle that is designed for easy carrying of bulk pharmaceutical, nutraceutical, and nutritional

*tablets and powders. In down position, the handle sits flush with the closure dome for ease on filling lines. The closure is compatible with Drug Plastics 110-400 finish bottles, including molds 0772W1 and 0773W1, as pictured. **Please contact your Drug Plastics sales representative to discuss your specific needs and application.***

Characteristics:

- Handle design perfect for carrying of bulk pharmaceutical, nutraceutical, and nutritional tablets and powders
- In down position, handle sits flush with closure dome
- Smooth top and sides for elegant design
- Compressed area on closure side to allow for ease in opening handle
