

# Quality products that deliver value

Premium vitamin and supplement packaging

Tell us about your packaging challenges.

Our **LiveRight™** line of bottles and closures is built upon 50 years of experience helping healthcare companies with complex regulatory and packaging challenges. That means we understand how to manage details – details that save you money. You can expect packaging solutions that increase your profitability, reduce your risk, and enhance your brand.

## Custom Design and Manufacturing

We understand your product is special and that you may want it to stand out. Our team helps you create the perfect packaging to highlight your product.

## Attention to Details Saves Costs

We manufacture bottles designed to help you avoid any defect or problem that reduces your profitability. We dedicate ourselves to delivering relentless consistency.

## Low Order Quantities

Purchase what you need. Short runs available for low volume products. Case quantities available. We'll work with you on the quantity needed for each situation.

## Materials You Can Trust

Receive **FDA-approved** resin, colorant, and liner materials on every order. Our **ASTM-certified** products mean total compliance with no surprises.
