

# Quality Products that Deliver Value

## Premium Healthcare and Wellness Packaging

Our **PharmaSure™** line of bottles and closures builds upon 60 years of experience helping healthcare companies with complex regulatory and packaging challenges. We have perfected uncompromising product consistency and reliable delivery on every order, both critically essential to the pharmaceutical industry. You can expect packaging solutions that increase your profitability, reduce your risk, and enhance your brand.

### Custom Design and Manufacturing.

We understand your product is special and that you may want it to stand out. Our team helps create the perfect packaging to highlight your brand.

### Unequaled Commitment to Product Quality.

We know regulatory compliance, cGMP's, and validation are critical to your success. We dedicate ourselves to deliver relentless consistency – every day.

### Low Order Quantities.

Purchase what you need. Short runs available for clinical trials. Case quantities available. We will work with you on the quantity needed for each situation.

### Materials You Can Trust.

Your choice of specified FDA-approved resin, colorant, and liner. Our ASTM-tested products mean total compliance with regulatory requirements and no surprises.
