

Exclusive SecuRx® Closures

Child Resistant and Senior-Friendly

SecuRx Child Resistant (CR) Closures keep prescription and over-the-counter medications, vitamins, supplements, and lifestyle products secure. Available in text top and pictorial styles to fit your product application.

Application versatility.

SecuRx closures are two-piece, lined closures and are available in a variety of sizes and styles that work for many different product types.

Child resistant and senior-friendly.

SecuRx Closures provide exceptional child resistance without a gripping action, so opening is easy for seniors and those with finger mobility issues.

Easy opening and closing.

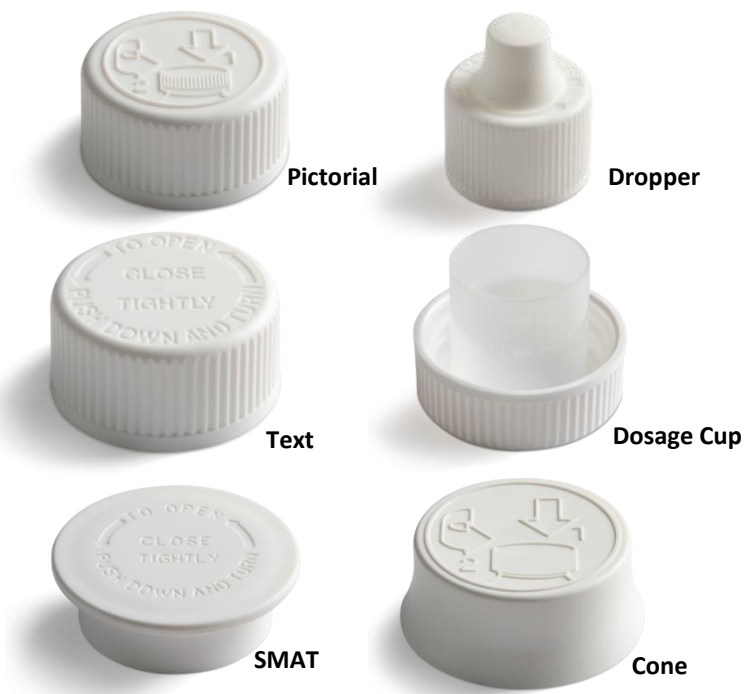

Open the closure by simultaneously pushing down and turning. To apply, simply turn the closure clockwise on the bottle threads like a continuous thread closure.

FDA-approved and ASTM-tested.

We manufacture SecuRx closures FDA-approved and ASTM-tested raw materials. Have confidence knowing your packaging will meet strict regulations.
